Sir:

This correspondence provides herewith an executed supplemental declaration and an exhibit to a previously filed Declaration of Prior Invention Under 37 C.F.R. § 1.131. Additionally, this correspondence provides a summary of the interview conducted on September 12, 2006 for this application.

Assignee's representatives would like to thank examiner Patrice Winder for the courtesies extended to assignee's representatives David Cochran and John Biernacki during the interview on September 12, 2006. The interview discussed several pending

cases (i.e., 09/005,479, 09/548,235, 09/548,237, and 11/300,245). With respect to the instant application, the interview discussed whether a Supplemental Oath/Declaration is needed in this application pursuant to 37 CFR 1.67(b). Assignee does not believe that such a document is required, but to expedite prosecution of this application, assignee is submitting herewith an executed supplemental declaration. Assignee's representatives also discussed that Welz cannot be considered prior art for the purposes of the rejection until a definitive publication date or retrieval date is established. Moreover, assignee's representatives discussed the Declaration of Prior Invention Under 37 C.F.R. § 1.131 (filed on August 3, 2006) and mentioned that an exhibit to the Declaration was inadvertently omitted from the filing. Accordingly, Exhibit A to the Declaration is provided herewith under Schedule 2.

The examiner is invited to contact the undersigned if there are any questions or comments regarding the instant application or the contents of this correspondence.

Respectfully submitted,

By:
